**CELEBRATION DAY**  
**Wednesday July 21<sup>st</sup> 2010**

**Dear Parents/Guardians**

As part of our Celebration Day programme your son/daughter has a choice of activities, which are available to them for **Wednesday 21<sup>st</sup> July**.

We aim to ensure that a good variety of visits/activities are available to appeal to all interests and to give a range of prices. All activities will be enjoyable for students, most will be educational and certainly a reward for a year's hard work. Many of the trips will allow the integration of different year groups. For students not wishing to go out on a trip, we offer the option to stay in school to participate in our 'In School Activities' programme, please tick on the permission slip, if your child wishes to stay in school - missing school is not an option.

The list of available activities with details and **provisional** prices can now be viewed via the school website on [www.ilkleygs.ngfl.ac.uk](http://www.ilkleygs.ngfl.ac.uk). If you do not have access to a computer, a paper copy of activities can be collected from reception.

The attached medical form and permission slip, stating the two activity choices must be returned completed to school and handed in to Mrs Cavaliere in the reception office by **Friday 7<sup>th</sup> May**. Allocation will be on a first come first served basis. It is hoped that in most cases, students will be allocated their first choice; however, this will not always be possible, particularly if places are limited due to the nature of the activity.

Please **do not** include payment at this stage. You will be sent further details once activities have been allocated. If you are in receipt of Income Support, please provide Mrs Cavaliere with an up to date photocopy, to enable us to assist with a reduced payment.

\*Please note that a further medical form will also be issued to your child in September for your completion. This is to enable us to update your child's records, at the start of the new academic year.

Yours faithfully

Yours faithfully
